Dear BBS Families,

RE: Reopening Plans Update

Based on the new ADHS Public Health Benchmarks sent out by Superintendent Hoffman today, the return to in-person instruction will be moved from August 17<sup>th</sup> to the beginning of second quarter, which is Tuesday, October 13, 2020. The in-person model will occur only if the school can do so in a manner consistent with the Maricopa County Health Department/Arizona Department of Health Services public health benchmarks that will be in effect at that time. Bright Beginnings will evaluate this decision in mid-September and will update you accordingly.

Thank you for your support and patience.

Sincerely,

BBS Task Force
